

Fall Quarter 2009 Seminar Series

Thursdays, 12:00 – 1:00 pm

Engineering V

September 24

No Seminar

October 1

Jianjun Cheng, Ph.D.

Assistant Professor, Dept. of Materials Science & Engineering
University of Illinois at Urbana-Champaign

“Ring-Opening Polymerization-Mediated Biopolymer Synthesis & Applications”

October 8

No Seminar Due to BMES conference

October 15

Alan Garfinkel, Ph.D.

Professor of Medicine (Cardiology) and Physiological Science, UCLA

October 22

Harry McKellop

Professor, Department of Orthopaedic Surgery, UCLA

“Bearing Materials for Artificial Hips: Recent Successes and Remaining Problems”

October 29

Chin-Lin Guo, Ph.D.

Assistant Professor, Dept. of Bioengineering & Applied Science, Caltech

November 5

Greg Carmen, Ph.D.

Professor, Department of Mechanical & Aerospace Engineering, UCLA

“Evaluation of Thin Nitinol for Transcatheter Vascular Devices”

November 12

Ram Mahato, Ph.D.

Professor, Dept. of Pharmaceutical Sciences, University of Tennessee Health Center

“Polymeric Micelle-based Combination Therapy for treating Advanced Cancer” (Note Location: CNSI Auditorium)

November 19

Xiao Hu, Ph.D.

Assistant Professor, Department of Neurosurgery, UCLA

November 26

Thanksgiving, No Seminar

December 3

Joseph DiStefano, Ph.D.

Professor, Department of Computer Science, UCLA
